

# AQUACLEAN

AquaClean is a 100% chemical-free water treatment product with the aid of a high concentration of specially selected bacteria. AquaClean creates a cleaner and healthier environment for aquatic organisms. AquaClean breaks down biological wastes and harmful substances in water and removes the odor. AquaClean also promotes healthier gut microbiota when entering the gut of aquatic organisms. Hence, improves the health of aquatic organisms.

## Functions

1. Improves water quality and clarity.
2. Reduces filter maintenance.
3. Helps establish new aqua systems.
4. Keeps water clean and reduces odor.
5. Promotes healthier gut microbiota.
6. Removes ammonia/nitrite/nitrate.
7. Removes and prevents algae growth.
8. Quickly decomposes uneaten fish food and other toxic materials.

## Composition

1. Win Men's probiotic cocktail
2. Specialized bacteria activated solution

## Recommended dosage

Shrimp	Add 1 L AquaClean to 200 L water.
Fish	

## Storage

Store in a cool and dry place. Reseal when not in use.
